

LIFE INSURANCE

If you are looking for an easy way to give a legacy gift to support the San Diego History Center's mission of telling the stories of our community, a gift of life insurance may be a great choice for you.

If you are over age 60 and no longer need a paid-up life insurance policy, gifts of life insurance can be made by either assigning ownership of your policy to the San Diego History Center or by naming the History Center as a beneficiary of the policy.

Life insurance is also a wealth-replacement tool to help you make charitable gifts through your estate while also providing for your loved ones.

To learn more about making a gift of life insurance, please contact the Development Department at development@sandiegohistory.org or 619-232-6203 x102.
