Get up close and personal with historic interpreters as they take on the personalities of some of the Zoo's most important people from the past!

Costumed performers embody the mind and spirits of two groundbreaking zoo leaders, Dr. Harry Wegeforth, founder of the San Diego Zoo, and Belle Benchley, the second person to run the Zoo, as they share stories of how they managed to get the now world famous San Diego Zoo up and running.

Dr. Harry and Belle will greet guests in this rousing evening of conversation, exhibition tours, food, and libation!
